

Line Card — July 2026

Nikivya Semiconductor sources electronic components across 80+ manufacturer product lines through a global agent and distributor network. We are an independent distributor — our strength is hard-to-find, obsolete, and allocation-constrained parts, with full import handling and one GST invoice.

STOCKED IN INDIA — DISPATCH AGAINST PO

MLCC Capacitors — AVX · KEMET · YAGEO · muRata

Thick-Film Chip Resistors — Vishay · Stackpole · YAGEO

Tier 1 — Core Product Lines

Manufacturer	Focus areas
Vishay	Resistors, capacitors, diodes
Texas Instruments	Analog, power, embedded
Infineon	Power, automotive, sensors
NXP	Automotive, MCUs, RF
Renesas	MCUs, analog, automotive
onsemi	Power, sensors, signal chain
ROHM	Resistors, transistors, LEDs
AVX (Kyocera)	Capacitors, inductors, filters
STMicroelectronics	MCUs, power, sensors
AMD / Xilinx	FPGAs, SoCs, adaptive ICs

Tier 2 — Additional Manufacturer Lines

Murata	TDK	Yageo
KOA Speer	Panasonic	Bourns
TE Connectivity	Molex	JST
Amphenol	Hirose	Broadcom
Microchip	Analog Devices	Nexperia
Toshiba	Samsung Electro-Mechanics	KEMET
Epson	SiTime	Abracon
Lite-On	Lumileds	Honeywell
Susumu	TT Electronics	Coilcraft
MPS (Monolithic Power)	Nordic Semiconductor	Winbond

ISSI	Macronix	Littelfuse
Semtech	Nuvoton	Maxim Integrated
Atmel	Pulse Electronics	Diodes Incorporated
Melexis	Quectel	

Product Categories

Passive Components · Discrete Semiconductors · Integrated Circuits · Sensors & Transducers · Power Management · Optoelectronics · Connectors & Electromechanical

How to Order

1. Send your BOM, part number, or requirement — email, WhatsApp, or [nikiviasemiconductor.com/get-a-quote/](https://www.nikiviasemiconductor.com/get-a-quote/)
2. We confirm availability, price, and lead time.
3. Standard sourcing 4–6 weeks · emergency air cargo 7–10 days.
4. Delivery to your warehouse with GST invoice and complete import paper trail.
